

To: HE The Governor
The Governor's Office
The Castle
Jamestown
St Helena

Dear Sir

SAVE OUR AIRPORT!

I call upon the British Government to adopt Option 'A' so as to meet the commitment, announced by its ministers in 2005, to build an airport in St Helena as soon as possible. As accepted by the British Government, following the vote in 2002 by St Helenians on access options, an airport offers the best chance of increased prosperity and self-sufficiency for the island and its community. Without it, economic and social decline will continue and the prospects for present and future generations of St Helenians will not improve.

Yours faithfully
